

**CE Linux Forum**

**November 6 & 7 2008**

De Reehorst, Ede (The Netherlands)

**NLUUG**

11.06

**November 6 2008**

NLUUG Autumn Conference & Embedded Linux Conference Europe

**November 7 2008**

Embedded Linux Conference Europe

11.07

## Speakers:

### David Woodhouse

Intel

Embedded maintainers : Community and Embedded Linux

### Thomas Gleixner

Linutronix

Kernel summit report

### Marcel Holtmann

Intel

BlueZ 4.0

Linux connection manager

### Denis Oliver Kropp

The DirectFB Company

Open integration layer - DirectFB 2.0

### Wookey

Aleph One Ltd.

Solar hot water geekery: making infinitely versatile home heating controllers with free software and open hardware

### Tim Bird

Sony

Tools and techniques for reducing bootup time

### Jake Edge

LWN - Avoiding web application flaws in embedded devices
